

WORLD HISTORY COUNTRY REPORT ELEMENTS/REQUIREMENTS

The country report needs to include these required elements. Points will be deducted if any of these are missing.

- The paper must be at least **four, and not more than six**, pages of text in length. (This does not include the title, pictures, bibliography, or citing pages)
- The **font** must be in either **Times New Roman, Garamond, Helvetica or Arial**.
- The font must be in **12 point, with no bolding in the text, and double-spaced**.
- There is **no double spacing between paragraphs!** You only hit the enter key once before tabbing the first line of your next paragraph.
- The first page must have identifying information appearing in the following order *at the upper left* area of the page. This is standard formatting, and one they will be using throughout their educational careers.
 - Student Name:
 - Teacher Name:
 - Subject:
 - Date:
- A bibliography page must be included. We will review the technique for this in class.

- For our purposes, the page numbers may appear at the bottom of the page in either the center or right positions. **There must be page numbers.**
- Please **do not staple the paper**. Put the report in a report folder or a paper clip will suffice.
- The introductory paragraph must include the student's thesis statement. We will be reviewing thesis statement and other elements of good writing in class periodically. At times, students will be allowed to work on their papers in class.
- There must be a **title** that is catchy and interesting, not simply the name of the country. Center the title on the first page *after* the identifying information.
